Medium tree:

Zone: Plant Trees 25'-40' in height/spread at least 50' from lines.

Large tree:

Zone: Plant trees larger than 40' in height/spread at least 65' from lines.

Tree Planting Guide

Vegetation Management plays an important role in providing safe and reliable electric service.

The reverse graphic offers guidance to planting trees near overhead electrical equipment. Planting the right tree in the right place helps minimize outages and improve power quality.

Horry Electric reserves the right to remove trees within the 30-foot right-of-way near overhead lines.

For questions about planting trees near Horry Electric equipment, visit horryec.info/overhead or call the Vegetation Management Department at (843) 369-2211.
