LINE EXTENSION COST:

Electric service facilities will be extended to irrigation loads served hereunder in accordance with the provisions of the Cooperatives Policy Bulletin No. 502, Line Extension Policy. Generally, service to irrigation loads will be provided only upon payment in advance of construction of a Contribution-in-aid of Construction for the entire cost of the primary extension required to provide service, plus the cost of any distribution feeder or substations upgrades as may be necessary to provide the requested service. To the extent practicable, the Cooperative will endeavor to provide for sharing of any extension, feeder upgrade, or substation upgrade, costs when two or more irrigation service applicants or members would benefit from such extension or upgrades.

SPECIAL CONDITIONS:

The Cooperative shall have the right to install and operate special metering equipment, as it deems appropriate, to measure consumer's loads and usage patterns and to obtain other data necessary to determine consumer's load characteristics. In addition, the Cooperative's levelized payment plan is not available to consumers served under this rate schedule.

TERM OF CONTRACT:

Service hereunder is subject to the execution of a supplemental contract between the Cooperative and the member for an initial term of not less than five (5) years. However, the contract will renew for twelve-month periods at the end of the initial contract period unless either party gives the other not less than three (3) months notice in writing of intent to terminate service at the service location.

TERMS OF PAYMENT:

The current monthly bill is due upon receipt and will be past due fifteen (15) days from the date of the bill. Delinquent bills shall be subject to applicable late payment charges as set forth in the Cooperative's Service Rules and Regulations.

TAXES:

Any applicable state, federal, or local government sales and franchise tax will be added to the above charges.
